EXPERIENCE

June 2024 - July 2025

Backend Loan Processor Executive
Andromeda Sales and Distributor Pvt. Ltd., Ahmedabad

- Executed end-to-end loan processing from application to disbursement.
- Assisted customers with loan application queries and status updates to enhance service quality.
- Coordinated with internal teams for timely loan disbursement
- Ensured timely processing of loan files in compliance with company and regulatory guidelines.
- Verified applicant's KYC, income, and employment documents to ensure data accuracy.

October 2023 - May 2024

Loan Verification Executive
Sarvottam Consultant, Ahmedabad

- Conducted detailed verification of ID, address, and employment documents.
- Coordinated with field officers to resolve pending cases. Verified applicant information against official records to prevent fraud and ensure compliance.
- Prepared and submitted verification reports for management and loan approval processes.
- Ensured all verification activities were completed within defined turnaround time (TAT) and quality standards.
- Communicated with customers and internal departments to clarify document discrepancies.

PROJECTS

Kalyan Jewellers Management System (Python Mini Project)

- Developed a Python-based jewelry billing system to calculate total gold price, making charges.
- Designed a menu-driven interface that collects user details such as name, gender, and age.
- Used arithmetic operations and formatted outputs to display total, discount, and net payable amount clearly.
- Focused on error-free input handling and code readability for a smooth user experience.
- Strengthened understanding of Python control statements, data types, and modular coding structure through this project.
- Implemented conditional logic to provide discounts based on gender, age, and total purchase amount.

Perfume E-Commerce Website (Frontend Project using HTML, CSS & JavaScript)

- Designed and developed a fully responsive perfume e-commerce website using HTML, CSS, and JavaScript.
- Built interactive pages such as Home, Products, Services, Gallery, and Offers, enhancing user engagement.
- Implemented navigation bar, hero section, and product cards with modern styling and hover effects.
- Added discount banners, sale sections, and gallery images to simulate a real-world shopping experience.
- Integrated hamburger menu and scroll animation effects for smooth responsiveness across all devices.
- Focused on clean layout, consistent color themes, and elegant UI/UX design principles.
- Strengthened understanding of frontend development, responsive design, and project structuring.

DECLARATION

I hereby declare that all the above information is correct to the best of my knowledge and belief.
